Jeff,

It is with delight that I write to thank you for your powerful presentation to our group of writers.

You have an outstanding story and one that is inspiring. While who knows if even 1 in a 1000 could replicate what you've done, still it is motivating at whatever pace ordinary people are able to pursue.

I am especially appreciative of your including Vanessa and me in your door prize. I look forward to listening very carefully to your 3 CDs, and taking notes, as you suggested with my iPhone voice recorder.

I have no suggestions for you. It is more likely that you'd have suggestions for us.

I remain fascinated with what kind of mind can be so incredibly productive, and then pursue the topic of work life balance. I hope I will have another opportunity to talk with you in the future.

Very sincerely,

Anora
