Hello Jeff,

I attended the ABC luncheon at Brier Creek on 9/9/09 and really enjoyed hearing you speak. You were easy to listen to and your speaking style made me want to hear more. The five points you made were right on target, in my opinion, and I agree that we have a lot more coming at us these days than in generations past. I look forward to hearing more of your concepts and believe there will be some useful tips to help clear some of the time consuming clutter from my life. As I type this letter, I'm sitting at my desk looking at the piles of unfinished work, unanswered emails, and upcoming tasks. I know I could use some help organizing and getting rid of useless information.

I look forward to receiving your DVD and CD. Hopefully I've had the opportunity to see you in person again also.

Best regards,

Terry Fisher
