Hello Jeff,

I wanted to let you know that I will be closing Encore Speakers. You've been great to work with. Unlike most speakers, who don't lift a finger to help a bureau get bookings for them, you are generous in sharing ideas and leads. There is literally only one other speaker I worked with besides you who has acted like a partner in the process.

I hope that your many fine books--and your speaking career--continue to do well.

Best regards,
Zorika
