Re: Special Interest
Lecture Series -
Jeff Davidson

Dear Captain Warner,

Just a note to tell you how very much I enjoyed the above-referenced lecture series. Mr. Davidson's enthusiasm and insights were for me a valuable part of the Princess Cruise experience. In fact, I expect that the information I secured from the series will benefit me much more than the monetary cost of the entire cruise. Such programs, and Mr. Davidson's in particular, should be encouraged and continued.

Many thanks for all the kindnesses and courtesies extended to us by you and your fine crew.

Sincerely,
Donald M. Bolas
