Dear Jeff:

Congratulations on your successful "New Horizon" training session at our Annual Meeting. Your professionalism brought a great deal of insight to the meeting. As a result, attendees have indicated that the program not only met their expectations, but exceeded them as well.

On behalf of the entire organization, I thank you for your time, talent and energy. Through your efforts NAWBO can effectively continue its mission of "training leaders for a world of change."

The meeting was a huge success and I thank you for your significant contribution.

Again, many thanks.

Warmest Regards,
