Dear Jeff Davidson:

I was on the Star Princess sailing (11/14 - 11/24). I attended most of your classes (there was a conflict), and I found your presentations most helpful.

I have been trying to get from Point A to Point B for a year, and lack the discipline and motivation to complete the move. I'm half way there.

I've been reading your handout material every day, since I've been home. It's just what I need to kick me into gear. Many thanks.

Best wishes in the New Year!
